About

Successfully implemented a workshop to improve teamwork in web development. My internship of about 6 months helped me learn about corporate culture.

Education

L.D College of Engineering

Bachelor of Engineering in Information Technology

CGPA : 8.74

Ahmedabad, Gujarat, India

Shri Vardhaman Vidyalaya

Higher Secondary Certificate (HSC)

percentage : 82.46

Mehsana, Gujarat, India

Experience

IGEX Solutions

January 2022 – June 2023

Web Development Intern

Ahmedabad, Gujarat

- Successfully implemented a workshop to improve teamwork in web development. My internship of about 6 months helped me learn about corporate culture.
- During my MERN technology internship, I spearheaded the development of a Green Farming website. I proficiently engineered the backend with Node.js and Express.js, integrating MongoDB for seamless data management. On the frontend, I harnessed React to create an intuitive user interface. I also implemented user authentication, responsive design, and integrated external APIs to enhance functionality. This experience highlighted my skills in full-stack development while contributing to sustainability goals.

Projects

GreenFarming-Site | MongoDB, NodeJS, ReactJS, ExpressJS

January 2023

- MERN E-Commerce Administrator I Payment Integration
- Highly skilled E-Commerce Administrator with expertise in MERN (MongoDB, Express.js, React.js, Node.js) technology stack. Proficient in managing an online platform for organic farming product sales, with a focus on order processing, payments, product listings, and statistical analysis. Ensures seamless user experiences and exceptional customer support. Specializes in payment integration for secure and smooth transactions. Detail-oriented and committed to maintaining a user-friendly environment.

Weather Application | JavaScript, React.js

October 2023

- Weather Application Developer I API Integration Specialist.
- Experienced developer proficient in OpenWeather API integration to deliver live temperature and future weather forecasts. Skilled in creating intuitive interfaces for effortless user access. Detail-oriented and committed to ensuring accurate and up-to-date weather information.
